Video Presented - Frank Reyes, Parliamentarian

1st gen, Boston Houston, Resilience diversity. Building the future. Frank is committed to empowering student leaders across TX. Networking and opportunities to build upon your campus. He wants to build a leadership pipeline to get students where he is right now - helping students find their voice and their fit. Facilitate workshops advocacy and self belief. NW resources become your resources. Protect your future advocacy for transfer credit transparency across the state. Unite the state so we aren't just working as individual institutions but

5. Vice President - Tarrant County College South

Region II. Not just a candidate but someone that believes in the power of student voices. Times where things don't go according to plan develop our skills. Passed legislation - essential resources, student wellbeing spaces. Worked with admin, trustees, and student leaders to make sure when students speak, they're listening. As VP, focus is to make sure no campus (regardless of size) ever feels overlooked. Across the state there are students with ideas, concerns and solutions that deserve a platform. Stronger communication between campuses, collaboration is expected. When we work together, that's when real change happens. A leader who will show up. Listen, and rep you not just where he's from.

6. President - Trinity Valley Community College - Athens

John Moore. Thank you to those that helped plan and run the event. Impact as a chapter has been felt far and wide throughout the state. No strangers to changing the game. 2 consecutive chapter of the year awards. State president in the past. Advisor last year. Prepared us to rep TJCSGA with dignity. TJCSGA voices are heard locally and state wide. Opinions will be heard and respected. Next year conv. Bigger and better. House division officer. Event of the year submission. Community service event. 1,300 canned goods distributed to the community. Toy drive. With the help of SGA, build bridges in the community. Vision doesn't stop at Athens. Strengthen impact as an org. Improve communities. Works to provide relief for issues brought to them. Make the hot decision and vote for TVCC bc we're on fire!

7. President - Tarrant County College - Northwest

Patrick Longoria. Product of state, system, and the people it serves. I want to help build. From R1-R6, we're all diff w/ diff stories, cultures, and challenges. Lived in various regions (1, 2, 6) and travelled throughout the state. Each region has its own identity and voice - its own vision of what matters most. Being heard and recognized. Not only recognize voices but to elevate (especially where that hasn't always existed). US Marine when not in the classroom/SGA office. Not just discipline, responsibility. Left Texas 3 times, served county, served self to grow beyond what he knew, found focus (challenge self in new place resp, account, dec. to become better) and came back with clarity. Junior colleges are more than stepping stones, they're foundations. NT, working, veterans, parents, 1st gen, people building something for themselves against the odds. Those stories and communities deserve to be recognized. Promise effort. Listen. Advocate. Every student heard, seen and valued. Rep isn't something you say, it's something you earn. One for all and all for one. Uno para todos y todos para uno. Thank you and Gracias.
