As we wrap up this conference and TJCSGA it has been a privilege to serve as the advisor with this executive board. This board has dealt with multiple challenges this year with grace. It has been an amazing journey getting to know each of them and learning from them. They have been an inspiration. I'm still standing because of them. Let's give them a round of applause. I have also met some great advisors this year who have helped me navigate many obstacles. Thank you.

Token of appreciation- Eddie Munoz, TJCSGA State Advisor Elect! While we usually do not entertain a motion to adjourn the meeting at the end of our assemblies, we do at this final one. In tradition, our outgoing president, Courtney, will address the new president and motion to adjourn. The outgoing vice president, Annie, will second the motion. I ask that we all respect this tradition and please do not approach the mic during this time. That is all I have for my final officer report.

- B. Advisor-Elect Edward Munoz, [Houston City College- Northwest Campus](#)

Before we close out this year's state convention, I want to take a moment to say how proud I am to have served as your TJCSGA Advisor Elect Pro-Tem for this year's convention. It has truly been an honor.

Over the past few days, I've had the opportunity to meet many of you, hear your ideas, and have some really meaningful conversations in the hallways, during sessions, and throughout this convention. Those are moments I will always cherish.

As many of you know, my journey with this organization goes back to 2016, when I first attended this convention as a student delegate. In 2017, I had the privilege of returning as an SGA President, where I led my delegation to this convention. Then in 2018, I returned once again—this time as an advisor. Being able to experience TJCSGA from those different roles has been incredibly meaningful, and it has been an amazing opportunity to help shape and support the next generation of student leaders across our great state of Texas.

TJCSGA truly plays an important role in helping shape the future leaders of our great state, and it has been an honor to contribute to that mission.

At this moment, my token of appreciation cannot be given to just one individual. Instead, it goes to a group of students who have helped me grow more and more as an advisor through their leadership, dedication, and commitment to serving others.

My token of appreciation goes to Houston City College – Northwest.

At this time, could I please invite the current SGA President to accept this token of appreciation on behalf of their delegation.

Thank you all again, and safe travels home.

C. Host School Mitzy Ruiz, [Dallas College- Richland Campus](#)

Good morning. As we come close to the end of this convention I want to sincerely thank each of you for being here and for being part of something so meaningful. This year carries a special weight, and it's been incredible to see everyone come together one last time. I am truly grateful for the opportunity to serve as host this year—it has been an honor I will always carry with me. I'm proud to share that everything ran smoothly, from the hotel to our events, with no complaints from the hotel.

. My token of appreciation goes to my entire chapter at Dallas College North Lake. Throughout this entire journey, they've been my support system every step of the way. From my advisors to my peers, their guidance, encouragement, and constant belief in me have meant everything. They didn't just help make this convention run smoothly—they pushed me, challenged me, and helped me grow into a better leader this year. I'm truly grateful for each and every one of them. As we go our separate ways, I hope you carry a piece of this with you. Please travel home safely.

D. Historian Alicia Garcia, [Trinity Valley Community College- Athens Campus](#)

Hey guys, good morning! I want to start with I have made posts about the last two days and planning to get photos from today to continue the trend.

To go along with that, all the pictures taken this weekend from either myself or my impressive paparazzi committee will be uploaded onto the [TJCSGA.com](#) website. You can expect access shortly after we conclude.

On another note, it has been such a privilege it has been serving in this position. While my term is only a year, I overcame and faced challenges I once thought were close to impossible. Within my position, I have accomplished many things that I have once thought were above myself but proven possible. But I can't take all the credit, I thank my this beyond amazing e-board, Dr. Courtney Lewis, Evan Jameson, and my chapter for being by my side every step of the way. I truly have enjoyed every moment of this convention and will forever cherish the memories given to me.

Delegates, you didn't just become Game Changers this year, you were always a Game Changer. You have an impact, you have a voice, and how you use it really does matter. Go out and show the world that you can make a difference.

E. Treasurer Harrison Nguyen, [Dallas College - Richland](#)

It is truly an honor to have served as your State Treasurer. As my term comes to an end, I want to take a moment to thank all of you for believing in me. When I first stepped into this role, it was a new and challenging experience. There were moments when it felt overwhelming, but I stayed committed and today, I can proudly say that I made it. I gave this position everything I could.

As Treasurer, I had the responsibility of managing our budget, tracking finances, and ensuring accountability for our state. It wasn't always easy, but it has been one of the most rewarding experiences of my journey. I want to sincerely thank the state board for trusting me, and my Dallas College Richland Board for electing me to this position. Your support meant everything. Serving in this role has allowed me to grow as a leader and, more importantly, to make a meaningful impact. To everyone here you have the power to make a difference. Even when others say no, you can still choose to say yes and stand up for what you believe.

My token of appreciation goes to someone special who has been by my side since I joined SGA Kent Ho.

F. Parliamentarian Manuel Puentes, [Trinity Valley Community College- Terrell Campus](#)

Good morning everyone, I would like to say that it has been an honor and a great learning experience to serve as your parliamentarian and I hope to see what amazing things everyone here will do in the future.

My decision on who I'd be giving my token of appreciation was not a decision that I made lightly, so when it came to choosing to give it to my entire SGA chapter and our Amazing Advisor Chris Goolsby. Honestly i don't think I would have been able to make it through this convention or even this year without y'all helping to reassure me that I was in fact not in over my head when I took up the position of state parliamentarian and our chapter president, It has not been an easy ride for any of us, but I'm glad It was with you guys.

G. Secretary Sean Paegar, [Collin College](#)

Good Morning everyone, I just want to say that it's been a privilege serving as your secretary.

It has been a huge learning experience along with my fellow e-board members with some lows and highs moments but we took it all in stride.

Thanks to advisor elect Eddie and Advisor Jana for being a huge point of resource throughout the entire planning of the conference.

For my officers report,
