

TJCSGA General Assembly Resolution

A Resolution Concerning a Student Vote on the Board of Trustees/Regents (Board)

WHEREAS: There exists an absence of student representation on the Board for every Junior College or Community College affiliated with the Texas Junior College Student Government Association; and

WHEREAS: Each Board is required to have a designated “Student Trustee” tasked with voting on issues pertaining to the student body, Student Government funding, and Student Life; and

WHEREAS: There has been a consistent lack of student representation on the Board, hindering effective decision-making and overlooking crucial perspectives, and

BE IT RESOLVED: That the TJCSGA urges college leadership across the State of Texas to implement Student Trustees on each campus’ Board, which would be used to represent the Student Body and their respective interests properly; The Student Government Association actively collaborates with college administrations to establish a formal process for including Student Trustees on the Board, ensuring a comprehensive representation of student interests in decision-making processes.

Respectfully Submitted on the 26 day of April, 2024.

Name/School: Dallas College – Richland Campus
