

TJCSGA General Assembly Resolution

Resolution for the Provision of Feminine Sanitary Products in Campus Restrooms

Whereas, the Texas Junior College Student Government Association (TJCSGA) acknowledges the importance of promoting inclusivity, health, and well-being among all students on campus;

Whereas, access to essential hygiene products is crucial for the overall comfort and menstrual health of women;

Whereas, the lack of available feminine sanitary products in campus restrooms may pose a barrier to academic engagement and overall student success;

Whereas, colleges serve a greater non-traditional demographic of students, including dual credit students under 18 who have greater needs based on the timing and irregularity of the menstrual cycle.

Whereas, it is the responsibility of the college to ensure that all students have access to basic necessities that contribute to a positive and conducive learning environment;

Be it resolved that the TJCSGA advocates for and supports the implementation of a policy to provide feminine sanitary products free of charge in all campus restrooms; the TJCSGA urges the college administration to collaborate with appropriate vendors or allocate budgetary resources to ensure a sustainable and consistent supply of feminine sanitary products in all restrooms on campus;

Be it resolved that the TJCSGA encourages the college administration to raise awareness about the availability of feminine sanitary products in restrooms through various communication channels, including but not limited to campus newsletters, websites, and informational posters;

Be it further resolved that the TJCSGA requests periodic reviews of the effectiveness of this initiative every three months using QR code surveys to ensure that the needs of all students are adequately met, and adjustments are made as necessary; copies of this resolution be forwarded to the college administration, relevant departments, and any other appropriate entities for their consideration and implementation.

Respectfully Submitted on the 26 day of April, 2024.
Name/School: Dallas College – North Lake Campus
Please submit one copy of each resolution to:
