# A NOTE FROM THE PRESIDENT

# 4

Dear TJCSGA,

With the unforeseen emergence of the COVID-19 pandemic, our institutions were all shut down with the intention of protecting our student bodies. In a time where the unexpected appeared to be the new normal, I was inspired to see how so many of you have kept our purpose at your core and have embodied what it means to be a leader. As we enter this new year, we are walking in with our heads held high. Despite the lingering fear of the unknown, we are pursuing our plans to regain a sense of normality and lead like so many members of SGA have done in the past. Together, we will sustain this organization that lives in the heart of so many and will ensure the progression of our organization for years to come.

As I think of TJCSGA, my mind takes me beyond the thought of meetings, conferences, and conventions that are held. I think about a diverse group of students who are actively paving the way towards a better future, starting in their local SGA's. With so many ideas shared, words spoken, and actions that are taken, we all work tirelessly to promote welfare inside of our institutions, cities, and the state of Texas.

Now that we are recuperating from the obstacles that have attempted to diminish us, we have an opportunity to set out and explore new frontiers. I encourage you all to break down the barriers that may be set at any level within our organization and be the change you so long to see. There is so much passion, desire, and initiative that flows through TJCSGA and it is inspiring to see this organization grow year to year. As we tackle any and all challenges that may come our way, we will stand united and strive to maintain our standard of excellence.

With the uppermost sincerity, I thank you all for granting my school and I the privilege to serve as your State Executive President this year. Alongside the entire Executive Board, we promise to work hard in order to honor your needs and see that TJCSGA continues to prosper.

"Leaders with a Cause" is a celebration of historical figures that have advocated for monumental change amongst adversity and trials. We hope to create an environment that inspires each delegate to identify the cause they believe in and even more importantly, to believe that they can have an impact on that cause. The 2021-2022 state board is excited to welcome each school and each delegate to a convention that displays commemoration and invites ambition.

Sincerely,  
Joel Vasquez  
TJCSGA Executive President

### WHITE LIES PARTY WITH DJ ALEXX

We all tell lies now and again. Most of the time when we lie, we hope the recipient does not find out. However, in this White Lie Party game, you will be wearing your lies for all to see. A white lie is a small, trivial, and almost insignificant lie told to avoid conflict or awkwardness, such as hurting someone's feelings. Some may say it is considered a lie with good intentions. These lies often come up when someone is confronted with a situation where it is better to keep the other person satisfied, then to be honest – with little at stake.

A White Lie Party is a fun way to expose those little white lies we have all told time and time again. The concept of a White Lie Party is a popular and trending topic, beginning on TikTok in July of 2020. This type of party is a fun way to interact, laugh and learn about others.

Participants will arrive to the party wearing white shirts consisting of APPROPRIATE white lies they have told in the past. These lies can be a few words, or a full phrase, and can simply be drawn on the shirt with a marker or Sharpie. Students will have endless fun observing the range of lies – from basic, typical lies to absolutely outrageous ones.
